Lewis,

You were included in the suit as I understand it as a matter of course. I did not handle the issue myself.

My lawyers will I am sure be in touch with you. I am on the West Coast for the next week. I am not sure what I can tell you.

Hi Lewis,

Thanks for your email and phone call. Please use the following credit:

Paul Sutherland/ Sutherlandimages.com .

Congratulations! Do let me know when the book is published.

I have been chasing a story on the Chilean sea bass issue which has me all over the Southern Hemisphere. Exciting but time to finish shooting and work other ideas. Hope to publish mid-next year. You will appreciate that I expect to spend most December shooting the toothfish fishery in the Ross Sea. With luck we'll get a shot at a few friendly leopards.

Take Care.

Narwhales sound interesting. Love meet to Joran as well. Lets keep in touch. It will depend on the editorial schedule, though, I am afraid. Gotta try and pay the bills.
Thanks for the scan.

No problem--I will exactly follow what you have written--

Important question:

How many photos Paul Sutherland has contributed ?

According to your original copy of the manuscript, I see two photos with his name

- 1.. Chironex fleckeri at the foot of a bather and
- 2.. Tentacle prints on the hand of a researcher

I am not sure why Man-of-War or Blue Bottle photo has also his name in the galleys--can you please confirm --do you a copy of the manuscript that you sent to us ?
Is man-of-war your photo or his ?

And two photos from Mr. Carl Roessler (stone fish and Blue ringed octopus)

please help in confirming this ---

Paul,
it is of course not just a matter of course for me. I was your customer. You and I made a very satisfactory arrangement. I was very proud to utilize your photos in my chapter. As I'm sure you and your attorney know, I had absolutely nothing to do with the behavior of the publisher, or the misuse of your property. If your agreement with the publisher was violated, I fully support your right to compensation.

I would certainly appreciate being removed from the suit. I would be happy to discuss this further with you or your attorney. Thanks for getting back to me.

As I'm sure you recall, although I gladly paid your fee, I literally gave you the release form for you to edit, and you concluded the deal directly with the publisher. I received no compensation for my work on this book chapter (not even the free books I was promised), and have no responsibility for, or control over the actions of the publisher. I find it offensive that the publisher violated your agreement, and I fully support your entitlement to compensation. I would like to discuss the situation with you. Please call me at work, 718-780-4842, or at home in the evening, 914-669-4647. thanks

Paul,
it is of course not just a matter of course for me. I was your customer. You and I made a very satisfactory arrangement. I was very proud to utilize your photos in my chapter. As I'm sure you and your attorney know, I had absolutely nothing to do with the behavior of the publisher, or the misuse of your property. If your agreement with the publisher was violated, I fully support your right to compensation.

I would certainly appreciate being removed from the suit. I would be happy to discuss this further with you or your attorney. Thanks for getting back to me.

Lewis,

You were included in the suit as I understand it as a matter of course. I did not handle the issue myself.

My lawyers will I am sure be in touch with you. I am on the West Coast for the next week. I am not sure what I can tell you.

Paul

Hi, Dr. Kohl.

Just a quick note to follow-up on your material for Atlas of Pediatric Emergency Medicine by Binita Shah and Mike Lucchesi. How are you progressing with the manuscript and figures? Mike tells me that you should be done any day now- and that would be great!

Are there any questions I can answer regarding preparing your manuscript and figures?

With regards,

Andrea
